

Webinar series: Responding to Problematic Sexual Behaviours in Children

Part 3: Key Issues for Specialised Safeguarding/Child Protection Personnel, Therapists and Counsellors

This webinar is the third in a series of webinars which have been designed to help members of faith communities gain awareness of and understand and manage problematic sexual behaviours in children.

Who should join this webinar?

This webinar is aimed at counsellors, therapists or specialist workers who undertake direct work with children (child protection workers or safeguarding personnel – especially those who work in schools).

Those who are intending to join this webinar are highly recommended to join parts one and two as well, but this is not a requirement to join.

What will you learn in this webinar:

This webinar on **Key Issues for Specialised Safeguarding/Child Protection Personnel, Therapists and Counsellors** provides an overview of key issues in assessment and intervention of problematic sexual behaviours in children.

Learning objectives:

- Key issues in assessment.
- Case formulation.
- Treatment planning for holistic and sex specific work.
- Resource ideas.
- Supporting carers, teachers and support networks.

Presenters: The webinar will be hosted by Daniele Donnini (CPSL Director of Safeguarding).

The presentation will be delivered with participation from Robert Tucker. Robert Tucker is an Independent Social Work Consultant and is the Director of RGT Training and Consultancy, an independent agency in the United Kingdom specialising in sexual abuse, sexual behaviour problems and child trauma. Robert specialises in working with children, young people and their caregivers where there are concerns about sexual abuse and children's sexual behaviour, providing assessments and intervention to children and adolescents who are victims / suspected victims of abuse and to those who display sexually inappropriate or sexually harmful behaviours.

Date: 3 September 2020

Time: 8.00am –10.00am AEST

We have been fortunate to secure Robert Tucker who will be joining us from the UK. Given the time difference these sessions will be held at 8.00am AEST

Requirements: A computer (Mac OS X or Windows) is preferred, but any device with a browser and speakers/headset can work.
